Thine honor is our one delight
C-F Hi, our C-F Hi.
Thy colors true are red and white,
C-F Hi, our C-F Hi.
We love to linger in thy halls,
Thy spirit now each heart enthralls.
And e'en the ivy on the walls,
Speaks to us of C-F Hi.

Thou are not living in the past,
C-F Hi, our C-F Hi.
Thy high ideals must always last,
C-F Hi, our C-F Hi.
In classroom, field, or factory great,
We labor on to dedicate.
The glory of what we create,
To our dear, old C-F Hi.

FOREWORD

As you leaf through the pages of your 1963 REDSKIN, it is our fondest hope that it will bring back wonderful memories of your 1962 - 1963 school year. We have tried to bring you the intellectual aspect of school as well as the sports, clubs, dances and other activities in which each pupil has participated.

Your school days are days, which, once gone, will never return. Cherish this annual; may it bring you pleasure in the years to come.

Senior Class of 1963

Angela Stolte
Annual Editor

IN MEMORIAM

Though Mrs. Jessie Morgan can no longer be with us in body, her warm smile and gentle ways shall linger forever in the hearts of the students and faculty of the Camden-Frontier School. Jessie Morgan served the students and faculty for over five years as one of our beloved cooks. We, the senior class, dedicate this page of our annual to the memory of

MRS. JESSIE MORGAN

DEDICATION

During our school year, English is one of the most important subjects we undertake. Our foreign language, Latin, has always been on the top of the list too. But more important to us than these subjects was one who taught them - Mrs. Marian Whitmore, who personally inspired us. When we needed help or a kind word, Mrs. Whitmore had it to offer. Before retiring she taught at the Camden-Frontier School for seven years. Because we miss her and want to express our appreciation for what she meant and still means to us, we, the senior class dedicate our 1963 REDSKIN to

MRS. WHITMORE

We, your sponsors, have had the pleasure of working with the class of 1963 during this your senior year. As we recall the past school year, many activities flash through our minds; Homecoming, Senior Play, Annual Ad Day, Concession Stand work at Football and Basketball games and the dances. We now look forward with anticipation to the Prom, the Senior Trip and graduation. The thoughts of graduation flash at us with mixed emotions; a bit of pride and joy but also a touch of sadness as we realize our association is nearly at an end. In closing we wish to say it has been our privilege to know you and work with you and we send you on your way with best wishes for the future.

ADMINISTRATION

SUPERINTENDENT'S MESSAGE

I appreciate this opportunity to present a brief message to the 1963 graduates and the undergraduates of this school.

You should be proud of the excellent facilities which the community has provided for you. It has also provided a well qualified faculty. The remaining ingredients necessary for a good education depends entirely upon you. They are ambition and desire.

In this modern world of scientific achievement and development, it is necessary that everyone avail himself of as much education and specialized training as possible. A good high school education is the basis for any type of further training which you may desire.

Academically qualified students are urged to attend college. Since the need for unskilled labor has decreased greatly, it is imperative that everyone obtain some specialized training.

This is a good school and a good community. Through your help and cooperation it can become even better.

Sincerely,

Gareth H. Dominy

PRINCIPAL'S MESSAGE

On behalf of the entire Camden-Frontier School faculty, I would like to take this opportunity to compliment the senior class of 1963 for the high standards they have maintained during their many achievements while in school.

Our message to each of you, no matter what your future role in life may be, pertain to these previously mentioned high standards. Keep your standards high. Set them so you will always have to reach up. This is the key that will determine your success in all facets of life, and such achievements, cannot be measured by your financial or material gains but by the standards that you will maintain while going through life. Only you, yourself, can determine this; your family, your school and your church were instrumental in determining the standards you now maintain. If you become a better person through these early associations, then your family, your church and your school will know success. If during your lifetime your acquaintances become better persons from having known you, then you will have had success.

Sincerely,

Lyle Harper

You have just finished browsing through the 1963 REDSKIN, recalling the happy experiences of the past school year. But this final edition does not tell of the fears, frustrations, and anxieties that went into the completion of the annual.

It takes a whole staff of workers---not just one person---working together--to achieve the goal of making the annual the very best.

We wish to give special thanks to the annual staff members who have helped to make the 1963 REDSKIN a success.

The Editor and the Business Manager
